

## Structural Engineering • C E 310: Introduction to Structural Mechanics

- C E 411: Structural Analysis
- C E 412: Structural Design I
- C E 413: Structural Design II
- C E 416: Bridge Engineering
- C E 511: Structural Analysis II
- C E 513: Advanced Steel Design
- C E 514: Design Pre-Stressed Concrete Structures
- C E 516: Bridge Engineering
- Engr 677: Plates and Shells
