

ISS 125: Introduction to Intelligence Studies

SCHOOL OF APPLIED SCIENCES

Students will receive a broad overview of intelligence gathering and analysis as practiced by agencies of the United States government, to include its purpose, history and potential benefits. The organizational makeup of the U.S. Intelligence Community (IC); the laws, guidelines and ethics pertaining to intelligence collection; and employment/internship possibilities in the IC will also be presented. Finally, students will be given an introduction to analytical procedures and writing/briefing for policymakers.
