M.A. in Curriculum and Instruction Description

The M.A. in Curriculum and Instruction is a program designed for non-education majors (persons who hold bachelor's degrees in an area other than education) who wish to earn teacher licensure and a Master's degree concurrently. Within the M.A. in Curriculum and Instruction, there are two options.

Minimum Total Credit Hours: 30 Course Requirements Option One

The M.A. in Curriculum and Instruction, Option One, is a 30 to 33 hour program designed to be completed in 12 to 15 months. Additional information, step-by-step application instructions and necessary forms are available by contacting the department.

Preliminary Requirements

Application Process: All applicants must have received or expect to receive a bachelor's degree before entry and have a grade-point average (GPA) of 2.75 on a 4.0 scale on all course work or the last sixty hours in the baccalaureate degree. As part of the application process, applicants will be asked to submit the following:

- 1. Applicants must submit official scores on the Praxis I and Praxis II. Applicants must have passed the Praxis I before applications will be considered. Any potential candidate who has not passed Praxis II, but who meets all other requirements will be admitted conditionally. Praxis II must be completed and passed by the end of the first 9 (nine) hours of the program. Candidates not meeting this condition will be removed from the program.
- 2. Applicants must submit an online application at the Graduate School website, selecting M.A. in Curriculum and Instruction as their program. Applicants must also submit a paper application; applications may be requested directly from the department.
- 3. Applicants must submit a writing sample (instructions available from the department) along with the one-page paper application.

Option Two

The M.A. in Curriculum and Instruction, Option Two, is offered for students who participate in the Mississippi Teacher Corps program. Teacher Corps is a two-year program, similar to the Peace Corps, that recruits college graduates to teach in the Mississippi Delta.

Emphasis - Teacher Corps Course Requirements

The subject area teaching emphasis is available for alternate certification for arts and science majors participating in the Mississippi Teacher Corps Program. In order to receive full admission to the degree program, applicants must present evidence of having met the required score established by the Mississippi State Department of Education on the Praxis I and Praxis II (Subject Area Exam) in the content area of biology, chemistry, English, French, mathematics, physics, social studies, or Spanish. The emphasis in subject area teaching requires 30 hours of graduate course work, to include:
