

# Bisc 541: Cell Biology of Neurodegenerative Diseas

Cellular aspects of neurodgenerative diseases, with an emphasis on Parkinson's disease.

3 Credits

### **Prerequisites**

• Bisc 330 or Bisc 327

## Instruction Type(s) • Lecture: Lecture for Bisc 541

### **Subject Areas**

- Cell/Cellular and Molecular BiologyCell/Cellular Biology and Histology

#### **Related Areas**

- Anatomy
- Cell/Cellular Biology and Anatomical Sciences, Other
- Developmental Biology and Embryology
