

## Phcl 341: Human Pathophysiology I

### BIOMOLECULAR SCIENCES

The students will understand the consequences of disease on normal physiology. An in-depth study of the pathophysiology condition will equip the students to assess multi-organ system dysfunction. These basic understandings will enable the students to progress through the curriculum with a knowledge and analytical base necessary to excel during their practice experiences.

3 Credits

#### **Prerequisites**

- Course is only available to first year students in the professional degree program

#### **Instruction Type(s)**

- Lecture/Lab: Lecture/Lab for Phcl 341

#### **Course Fee(s)**

##### **Pharmacy Practice 9**

- \$85.00
