M.Ed. in Counselor Education **Description**

The M.Ed. in counselor education must be completed with either an option in school counseling or community counseling. The program requires satisfactory completion of courses and course experiences, development of basic counseling skills, performance in practicum and internship, and demonstration of specific clinical competencies beyond class requirements.

Minimum Total Credit Hours: 60

Goals/Mission Statement

The general objective of the M.Ed. in counseling is to prepare students to be professional counselors. The counselor education faculty believe that the development of a strong professional identity, a rich knowledge base, and expertise in the skills of counseling are essential to becoming a professional counselor. The program's first priority is to serve the people of Mississippi by providing highly qualified counselors.

Course Requirements

To complete the M.Ed. in counselor education, a student must complete the following core courses and also complete specific courses for either the option in school counseling or clinical mental health counseling.

Required Courses
