

## Engr 661: Computer Networks II

### [School of Engineering](#)

Continued analysis of loosely coupled computer communication, constraints on intercomputer communication, communication protocols, and network services. LAN data link protocols, transport services, and other high-level network functions are examined in detail.

3 Credits

### Prerequisites

- [Csci 561: Computer Networks](#) (Minimum grade: C)

### Instruction Type(s)

- Lecture: Lecture for Engr 661

### Subject Areas

- [Engineering, General](#)
- [Computer Engineering, General](#)
- [Computer Science](#)
