

Math 679: Statistical Bioinformatics **Mathematics**

Introduction to bioinformatics, an interdisciplinary study that combines techniques and knowledge in mathematical, statistical, computational, and life sciences in order to understand the biological significance of genetic sequence data.

Prerequisites

• Math 575: Mathematical Statistics I (Minimum grade: C)

Instruction Type(s) • Lecture/Lab: Lecture/Lab for Math 679

Subject Areas

- Mathematical Statistics and Probability
- Biostatistics
