Minor - Management Information Systems

- Minor - Management Information Systems

Minor - Management Information Systems

Description

The MIS minor provides undergraduate students knowledge and skills in desktop- and web-based programming that enhances their career opportunities in an increasingly technology-driven world.

Course Requirements

A minor in MIS requires Bus/Econ 230, MIS 280, MIS 309 or GB 310, and 9 hours selected from MIS 307, MIS 317, MIS 330, MIS 408, and MIS 412.

Other Academic Requirements

Students are required to have a laptop that runs the Windows operating system. (A Mac laptop with dual boot capability would suffice.)
