

## Csci 211: Computer Science III

### Computer & Information Science

Continuation of Csci 112 with emphasis on advanced data structures, algorithm design analysis, advanced programming techniques, and user interfaces.

3 Credits

#### Prerequisites

- [Csci 112: Computer Science II](#) (Minimum grade: C-)

#### Cross-listed Courses

- [CIS 211: Computer Science III](#)

#### Instruction Type(s)

- Lecture/Lab: Lecture/Lab for Csci 211

#### Course Fee(s)

##### Computer & Information Science

- \$75.00

#### Subject Areas

- [Computer Science](#)
