

## **Csci 211: Computer Science III** **Computer & Information Science**

Continuation of Csci 112 with emphasis on advanced data structures, algorithm design analysis, advanced programming techniques, and user interfaces.

3 Credits

### **Prerequisites**

- [Csci 112: Computer Science II](#) (Minimum grade: C-)

### **Cross-listed Courses**

- [CIS 211: Computer Science III](#)

### **Instruction Type(s)**

- Lecture/Lab: Lecture/Lab for Csci 211

### **Course Fee(s)**

#### **Computer & Information Science**

- \$75.00

### **Subject Areas**

- [Computer Science](#)
