

BME 301: Bioinstrumentation

[Biomedical Engineering](#)

Design and application of biomedical instrumentation. Topics include physiological measurements, biomedical measurements, electrodes, sensors, amplifiers, and imaging systems. Electrical safety in medical environments is also covered.

3 Credits

Prerequisites

- [Engr 360: Electric Circuit Theory](#) \$target.descriptions.MinimumGrade\$

Instruction Type(s)

- Lecture: Lecture for BME 301

Subject Areas

- [Bioengineering and Biomedical Engineering](#)
