

Bisc 100: Research Experience

Biology

In this course high school or community college students participate in a research experience with the mentorship of a biology faculty member. Students will learn how the scientific method is applied in a research setting, develop practical communication and scientific writing skills, and engage in STEM career discussions. Course may not be counted towards a major or minor in biological science.

This course may be repeated for credit with a maximum of 6 credits.

Z-graded.
