

ES 393: Experiential Learning

Health, Exercise Sci & Recreation Mgmt

This course is designed to provide students with an opportunity to make connections between concepts learned in the classroom and their application in a professional setting. Through observation and supervised learning, students will also be able to explore different professions within the field of exercise science and develop skills required to become a professional.

Students are allowed to register for 1-5 credit hours and are allowed to earn up to 5 credit hours from this course total.

Z grade.
