Other Academic Requirements

Mastery of the content knowledge is assessed in many ways throughout the program. One specific milestone for assessing student's mastery of content knowledge is the program comprehensive examination. All master's degree students in the counselor education program are required to earn a passing score on the Counselor Preparation Comprehensive Examination (CPCE) in order to graduate from the program.

In addition to demonstrating mastery of content knowledge, students must also demonstrate development of basic counseling skills and demonstrate counseling and track-specific dispositions and competencies beyond class requirements. All master's degree students in the counselor education program are required to successfully complete a practicum and internship in order to graduate from the program.

Emphasis - School Counseling Description

The M.Ed. in counselor education/school counseling option requires that all students successfully complete a range of program experiences. Graduates of this program should be prepared for counselor positions in K-12 schools.

Course Requirements

Beyond the M.Ed. counselor education core courses, the school counseling option requires the following courses:
